Dahlias

1935

GREETINGS

To our Customers, Old and New:

Again a new year is here -- a year of new hopes and ambitions. And again we send you our catalogue with its many new dahlias -- with the hope you may find among its pages some new varieties that will add new interest to your dahlia patch.

We are offering many of the old favorites, as well as the newer ones, all of which we grow in our own gardens and therefore, we know them and can recommend them to you. We catalog only those that come up to our standard of what a good dahlia should be.

We have tried out several new miniature dahlias during 1934 and we are so enthusiastic about them that we are cataloging them. They more than exceeded our expectations and we offer them with the fullest guarantee of satisfaction.

Last Fall, more visitors viewed our display gardens than ever before. Their enthusiasm and compliments on our gardens makes us very happy to be growing The King of Flowers. We are justly proud of our dahlias and feel sure you have found the same satisfaction in the varieties you ordered from us. With best wishes for a prosperous year,

Sincerely,
HADDONDALE DAHLIA GARDENS.
